

# PENIS ENLARGEMENT

**EVERYTHING YOU NEED TO KNOW  
ABOUT PENIS ENLARGEMENT**

**DR. AARON STANES**  
ANTI-AGEING & COSMETIC PHYSICIAN

## DR AARON STANES

Dr Aaron Stanes is an Australian trained and registered Medical Doctor who works exclusively in cosmetic medicine. He has trained around the world in all manners of cosmetic medicine, and has been mentored by leading cosmetic doctors from the UK, Europe, Asia and the USA.

One of the few Doctors who specialise in non surgical penis enlargement, Dr Aaron has undertaken rigorous research and skill development to ensure when he does the procedure, it is done to the absolute highest standard possible.

His focus is on getting a great outcome, ensuring maximal comfort during your procedure, and that the treatment is done in a very safe manner.

Dr Aaron's career has been fostered through hard work and dedication.

## KEY QUALIFICATIONS

- Graduated top of his class in Secondary School (Dux Litterarum).
- Selected as one of only a few in the country for the Kwong Lee Dow Young Scholar program (The University of Melbourne).
- Graduated from Medicine and Surgery with honours. Undertook extensive experience in clinical surgery.
- Graduated top of his class amongst peers of doctors and surgeons in a Graduate Diploma in Surgical Anatomy (The University of Melbourne). This course demands a high in-depth knowledge of anatomy.
- Graduated from a Masters in Surgery (The University of Sydney). This course teaches surgical principles and skills, and in-depth anatomy that Dr Aaron draws from when performing the non surgical penis enlargement procedures.
- Certified in cosmetic medicine by the American Academy of Aesthetic Medicine. This is one of the World's leading cosmetic medicine colleges.
- Fellowship in Cosmetic Medicine and Liposuction (The Australasian College of Cosmetic Surgery). This is the highest attainable qualification in cosmetic medicine in Australia.
- Fellowship in Stem Cell Therapy (The American Academy of Anti Aging Medicine).

## KEY EXPERIENCE

- Dr Aaron works in some of the best, and highest quality clinics in the country.
- He has been mentored in non surgical penis enlargement by one of the world's best penis enlargement surgeons, and regularly assists him in surgeries.
- Having worked in Urology, Dr Aaron knows how to apply his knowledge of anatomy and cosmetic medicine to the non surgical penis enlargement procedure

## KEY ROLES

- Clinical trainer for Teoxane – the manufacturer of some of the best dermal fillers available.
- Key opinion leader and medical adviser for Teoxane – the manufacturer of the dermal filler most commonly used for the non-surgical penis enlargement procedure. This gives Dr Aaron an unsurpassed understanding of the product used in your enlargement.
- Clinical trainer for Ellanse collagen stimulating filler – a filler occasionally used as an alternative for enlargement procedures. This gives Dr Aaron another advantage over others when performing this procedure.
- Clinical trainer for Derma Medical – the world’s largest and most well-known training provider of basic cosmetic injectable treatments.

When undergoing any cosmetic procedure, let alone one such as a non surgical penis enlargement, there is absolutely no room for compromise on quality, skill and safety.

Dr Aaron’s extensive training, experience and knowledge means when having your non surgical penis enlargement performed by him, you are getting the best possible treatment in a professional and comfortable environment.

Dr Aaron understands the sensitive nature of this treatment, and aside from the procedure itself, will ensure your privacy is respected to the absolute maximum.

If you have any questions about Dr Aaron, then please get in touch!

## TELL ME MORE...

*Gain the confidence and satisfaction you deserve in both the bedroom and the locker room with a non surgical penis enlargement procedure done by one of Australia's best Cosmetic Doctors.*

Dr. Aaron is one of Australia's leading providers of penis enlargement using dermal fillers. This alternative to penis enlargement surgery provides a proven means with which to increase the girth and length of your penis with no downtime, minimal discomfort, and without expensive and invasive surgery.

Non surgical penis enlargement procedures using dermal fillers are tried and tested, having been done extensively over the past 20 years. Dr. Aaron uses a safe approach, incorporating techniques based on those developed over 20 years of clinical research, and refined in collaboration with one of the World's leading experts in penis enlargement surgery.

# WHO CAN WE TREAT?

Non surgical penis enlargement is all about increasing confidence.

It's suitable for anyone (over the age of 18 with no serious medical conditions) wanting to quickly and safely improve the size of their penis.

A consultation with Dr. Aaron prior to your treatment allows you time to discuss achievable outcomes and goals from the procedure.

# The Procedure

Dr. Aaron places great importance on the fine details of your procedure so that it is as comfortable for you as possible. He understands that a treatment like a non surgical penis enlargement can be confronting. With experience in Urology, Dr. Aaron has helped many men with concerns in this area.

In general, only one treatment is needed to get a noticeable result. Anaesthetic is used to ensure maximum comfort. Dermal fillers are injected to increase the girth (While both flaccid and erect), and flaccid length of the penis. Girth is arguably the most important measurement, and is more related to sexual satisfaction of your partner than length. The whole procedure takes around 30 minutes, and there is minimal downtime. Results are immediate, frequently last well beyond two years, and treatments can be repeated as necessary, so if you like it, it's easy to maintain.

The transformation in confidence of men who have had the non surgical penis enlargement with Dr. Aaron is what inspires him to provide this procedure, and to promote its acceptance amongst others. Men who have a penis both below and above average length and girth can benefit from this procedure.

Dr. Aaron ensures that you are treated as a person, that your treatment is tailored to you, and that your procedure is done in a way that is safe, sterile and clean, and that gets the best results for both your manhood and your confidence.

# The Results

For most men, we can achieve a minimum of a 1 inch increase in girth, and a 0.5 inch increase in flaccid length (When treating the glans, or head of the penis) on average.

In general, the more volume of dermal fillers used, the greater the increase in size.

Results can last up to 5 years, wearing off gradually over time. Most men have maintenance treatments every 24 months.

### **How much bigger will my penis be after the procedure?**

On average there is 1 inch (2.5 cm) increase in girth and 0.5 inch (1.25 cm) increase in length. In our experience it is generally thickness that is the greatest priority for our patient.

### **Who will perform my penis enlargement?**

Your penis enlargement will be performed by Dr. Aaron Stanes, a registered medical doctor trained internationally in cosmetic medicine, and mentored by one of the Asia Pacific's most renowned penis enlargement surgeons.

### **Is the penis enlargement procedure safe?**

Non surgical penis enlargement is a very safe procedure when performed by an appropriately trained and qualified medical doctor.

### **What are the potential side effects?**

The main side effects of non surgical penis enlargement are redness, swelling and bruising and these are all treatable with ice packs.

Serious side effects are rare, and are most commonly due to poor injection technique or inappropriate filler selection.

### **Can I have sex straight after the treatment?**

No. We recommend abstaining for two weeks after a non surgical penis enlargement and 48 hours after a non surgical glans enhancement.

# FAQS

### **TIME**

Safe and comfortable procedure, done in around 30 minutes.

Safe and sterile treatment, when performed by competent practitioner and can be easily reversed if required.

### **OTHER BENEFITS**

Can aid in self confidence and may improve sexual performance.

# TESTIMONIALS

## **James**

Dr. Aaron was professional, informative and respectful during my consultation. The treatment went well, and the results were better than I expected. I'm so glad I chose Dr. Aaron to perform my procedure, and couldn't recommend him enough!

## **Nathan**

I chose to undergo the penis enlargement with Dr. Aaron because of his reputation for providing a safe and bespoke service. He made me feel at ease, and since having the treatment I feel so much more confident. I initially was hesitant and nervous, but when I arrived for my appointment I felt much better. I wasn't the only guy having the treatment that day either. It definitely helped knowing there are others out there getting the treatment done with Dr. Aaron.

## **Sumit**

I've always had concerns over the size of my penis, and have been researching the best options for years. I have always been hesitant to undergo major surgery, so the non surgical option was perfect. Dr. Aaron made the whole process comfortable, and there was almost no pain at all. I am so glad I finally decided to go through the with the treatment with Dr. Aaron.

## **Anthony**

My experience in having the penis enlargement with Dr. Aaron was professional, and straightforward. The results are great, although some of the size reduced after the swelling went down. I wish I had've gone for the larger package option as Dr. Aaron had recommended, but overall I'm stoked, and have no regrets.
